Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

[We are indebted to Col. Wm. Winston Fontaine, of Austin, Texas, for the copy of this table, taken from a printed collection of Virginia laws. It should be noted here, as it does not appear in this table, that an Assembly was convened on October 1, 1685, and on the same day was prorogued to the 2d of November following. It met on the day appointed and sat some time; but none of the bills offered met with the governor's approval. William Kendall was speaker. The volume, now in Col. Fontaine's possession, from which the above list was copied, has lost the title page, but is otherwise complete. It contains xxii, 482 pages. The first page begins [1] | A | Table | Of all the | Public Acts of Assembly | In Force and Use | January 1, 1758.]
